- **Foreigner--- Eijusya only.**

More than 1 year work at the same company.

Annual revenue of the previous year is more than 1.5 million yen.

7 factors to select senior high schools

- ① Studies you want to do
- ② Club activities
- ③ Time zone (full-time, part-time, correspondence)
- ④ Distance to school
- ⑤ Tuition fee
- ⑥ Actual results of entering universities
- ⑦ Deviation score (Hensachi)

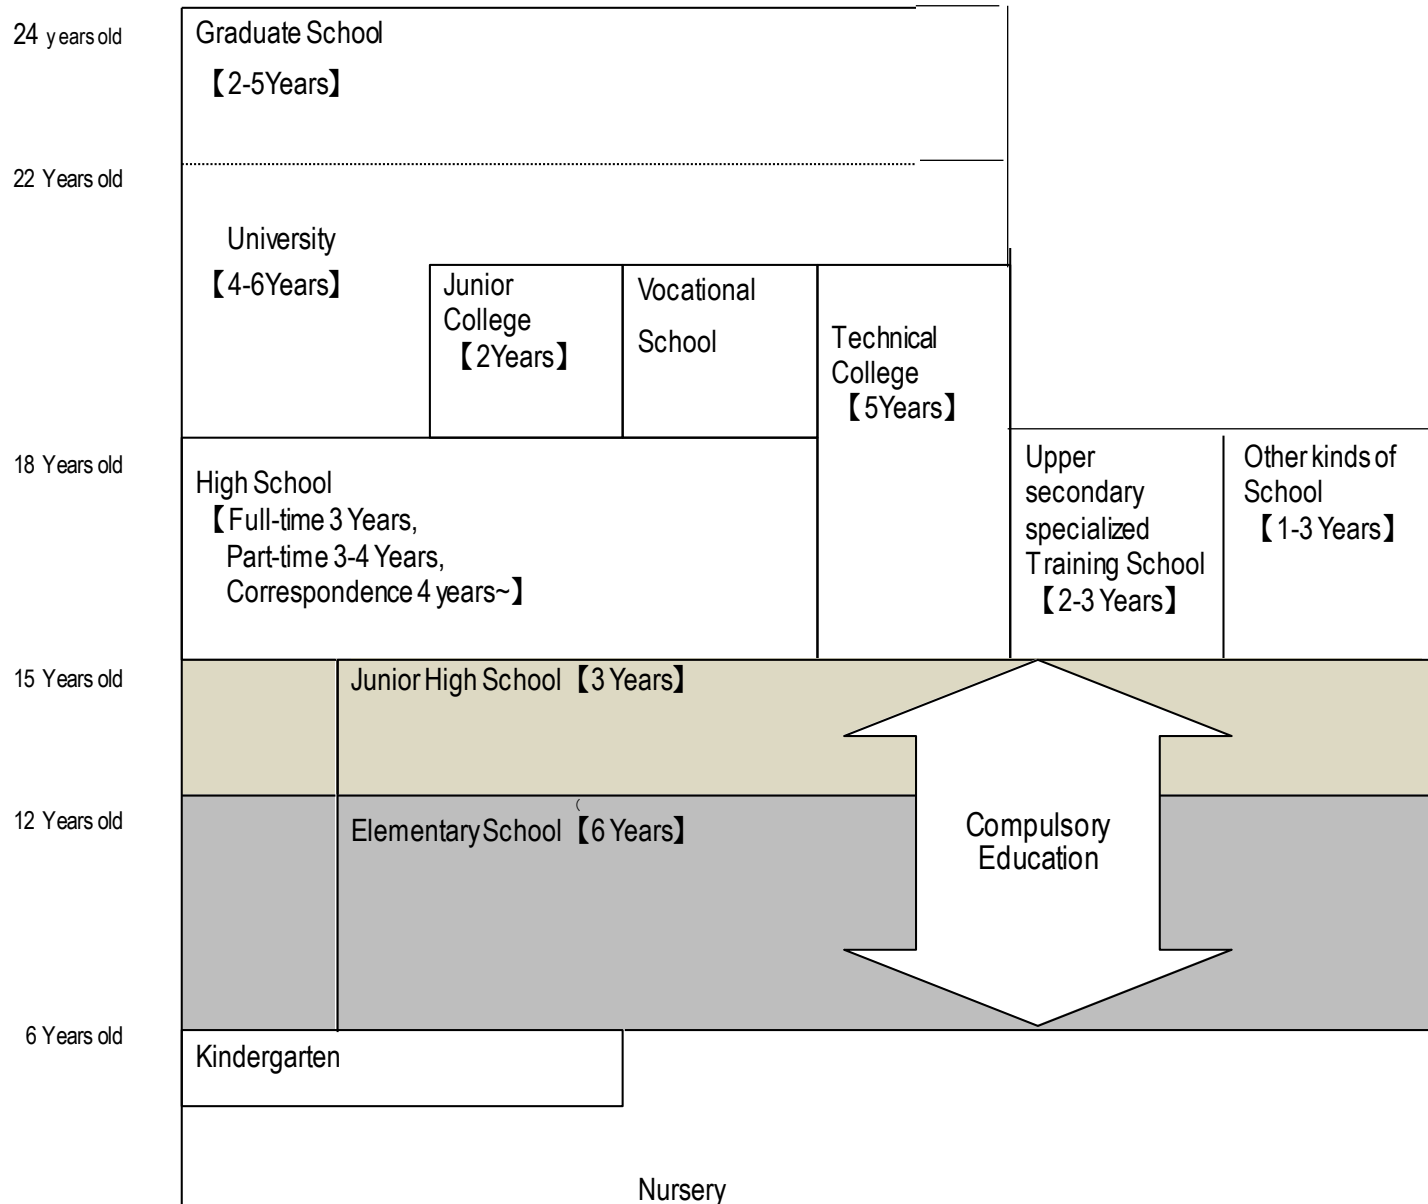

6 ways to obtain information

- ① See homepage of the school
- ② Obtain pamphlet of the school
- ③ Participate the school information session
- ④ Ask questions to senior students in the school you want to enter.
- ⑤ Consult with NPO
- ⑥ See the home page of “ Board of Education of Gunma Prefecture” to obtain information of entrance exam

2nd Part: Systems of university and professional training college

- 1 What are university and professional training college ?**
- 2 How can you enter those?**
- 3 How much is tuition fee?**
- 4 How high should your Japanese language ability be?**

The Japanese School System

What is University?

- To enter university, eligibility of senior high school graduation is needed.
- The place to research and deepen any study you want.
- Depending on faculty, 4-6 years are taken for completion.
- Entrance exam system and tuition fee are much different between national/public university and private university.
- In some job, graduation of university is essential.
- ✘ For junior college, 2 years are taken for completion. There is no national junior college.

What is Professional Training College?(1)

Professional Training College is one of Specialized Training Colleges.

Specialized Training College

- ① **Postsecondary Course ... Eligibility of senior high school graduation is needed to enter
= Professional Training College**
- ② **Upper Secondary Course...Eligibility of junior high school graduation is needed to enter
= Upper Secondary Specialized Training School**
- ③ **General Course...To enter, irrespective of educational background.**

What is Professional Training College ?(2)

- **Eligibility of senior high school graduation is needed.**
- **The place to brush up technology you want to acquire.**
- **More than 2years are necessary for completion.**
- **Variety of faculties are available. National qualifications are obtainable.**
- **Active support for finding employment.**

Difference between University and Professional Training College

- **University = Liberal Arts + Specialized Studies**
4-6 years required for graduation. The place to research and deepen any studies. Long school vacation(Approx. 2 months for summer) .
- **Professional Training College = Specialized Studies**
2-3 years required for graduation. The place to brush up technologies. Duation of school vacation is different among schools(Approx 1 week – one or two months for summer)

Next Course to Senior High School Graduates

Number of senior high school graduates was approx 1 million and 50 thousand at March, 2019.

- ① University and Junior University...
Approx 570 thousand (Approx 55%)**
- ② Professional Training College....
Aprox 170 thousand (Approx 16%)**
- ③ Employment..... Aprox 190 thousand (Approx 18%)**
- ④ Others..... Aprox 120 thousand (Approx 11%)**

Cautions for foreign students(3)

● Eligibility for taking entrance exam(1):

The eligibility for taking entrance exam of Japanese university and professional training college needed for foreign students who have no graduation certificate of Japanese Senior High School:

--- inspects and repairs cars to maintain safe driving. Since the electric vehicle will increase, wider area knowledge about technology will be required for auto mechanic.

Computer Programmer

**--- writes program.
The computer works with
instructions and rules
written in program.**

**Game Developing
Company**

WEBSITE DESIGN COMPANY

**Various Company
such as Manufacturer**

Computer Programmer

**Various Certificates of
Information Technology**

Website Design Compny, Manufacturer

**University and Professional
Training College(Information)**

**Senior High School, Commercial High School,
Techical High School**

Systems Engineer

--- designs computer systems to meet customer company's requirement to realize ideas. Communication ability, technological ability and project management ability are required for system engineer.

Maker

IT Company

System Integrator

Systems Engineer

IT (Information Technology)
Related certification:

IT Company, System Integrator

- Java Certification
- Exam of Fundamental Information Technology
- IT Passport Exam

University, Professional Training College (Information Course)

Senior High School. Commercial High School, Technical High School

Illustrator

--- draws illustration for books, magazines , advertisements, posters and products by orders from publishers and advertising agencies.

Independent Illustrator

Win a prize

**Get a job at Game Developing Company,
Advertising Company, Design Office**

**University, Professional Training
College(Art)**

Senior High School

Nurse

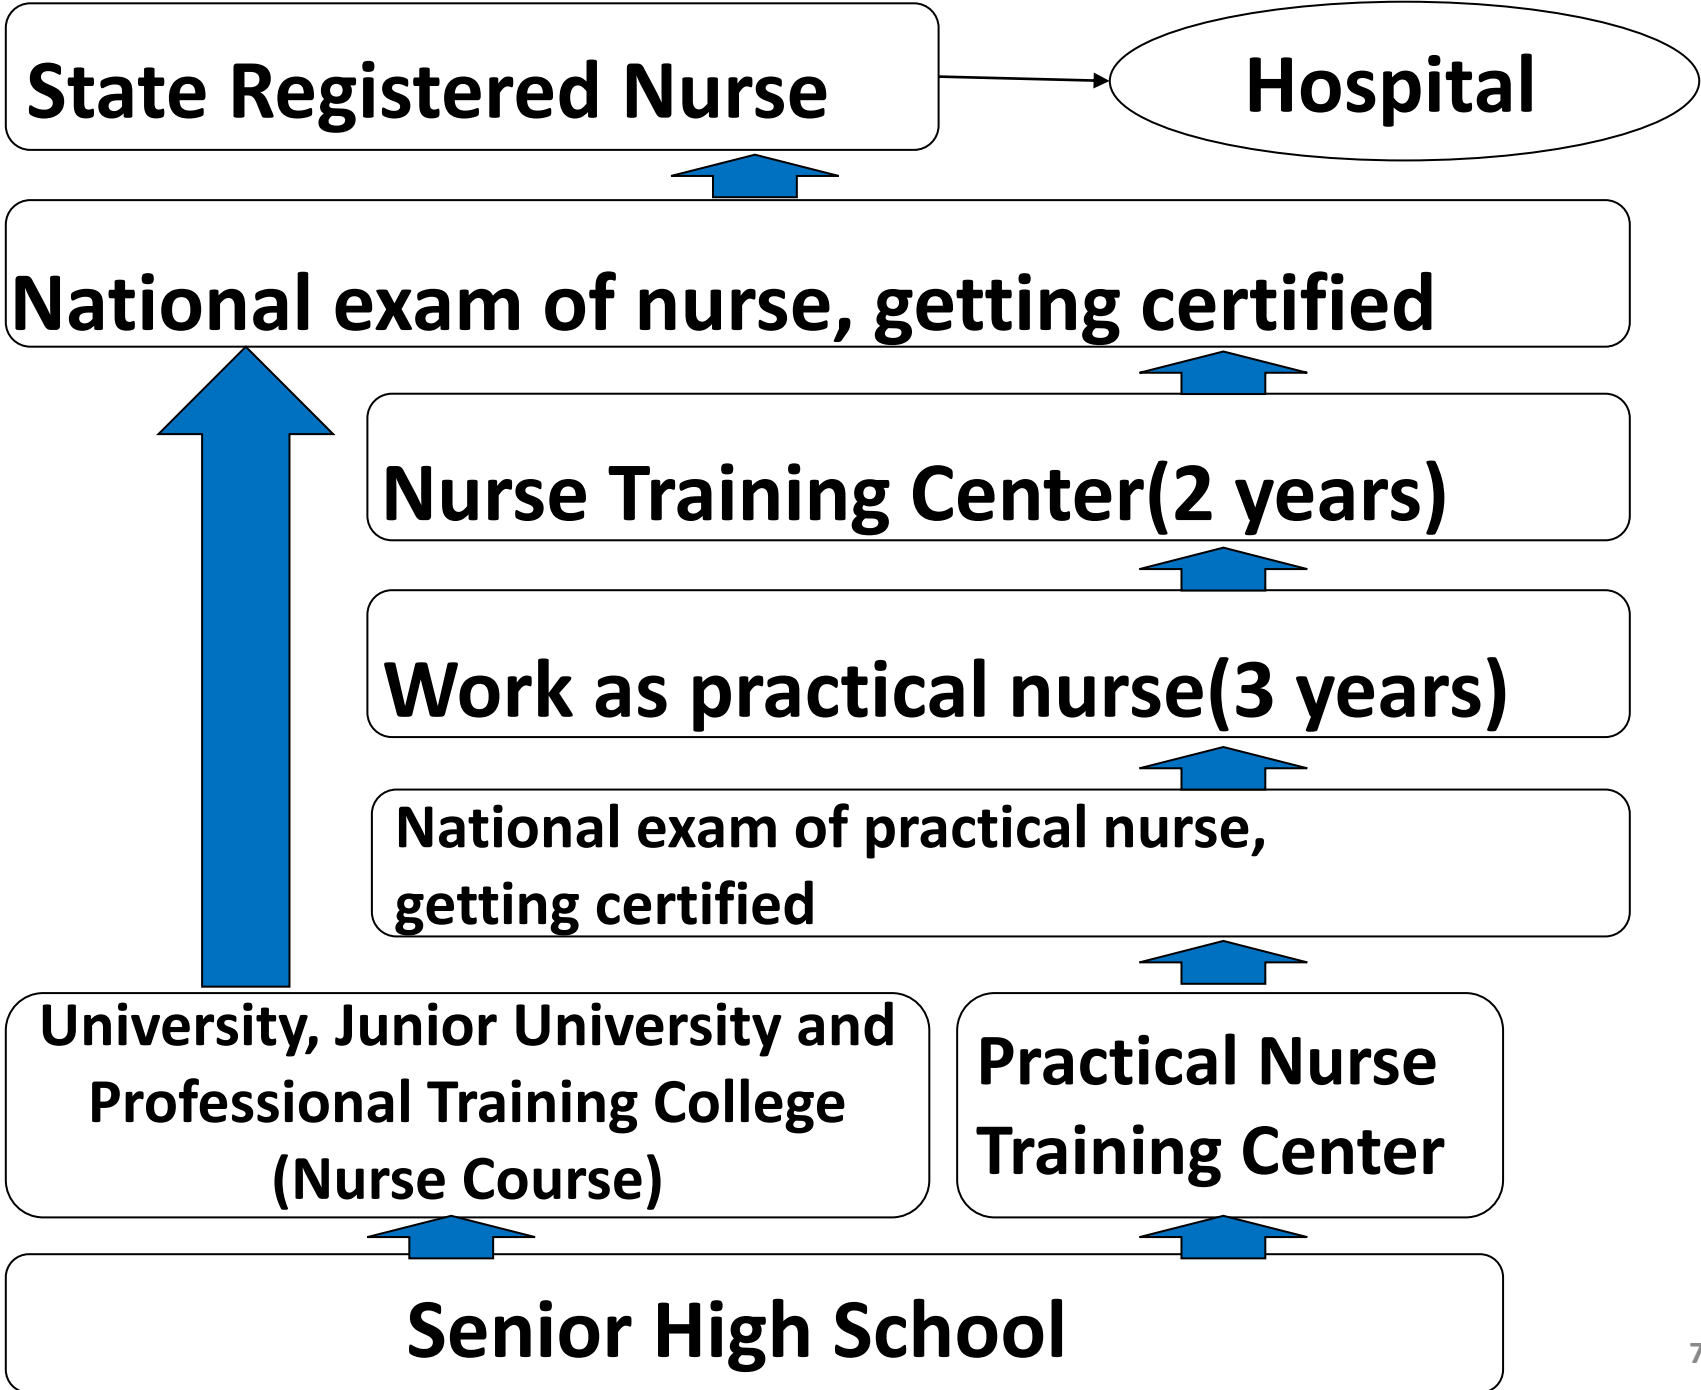

(KANGO-SHI)

--- inspects patients' health condition , assists to doctors, gives intravenous drip and gives injection.

Nurse watches patients in 24 hours system by night shift work.

Besides hospital, welfare facilities are also workplace For nurse.

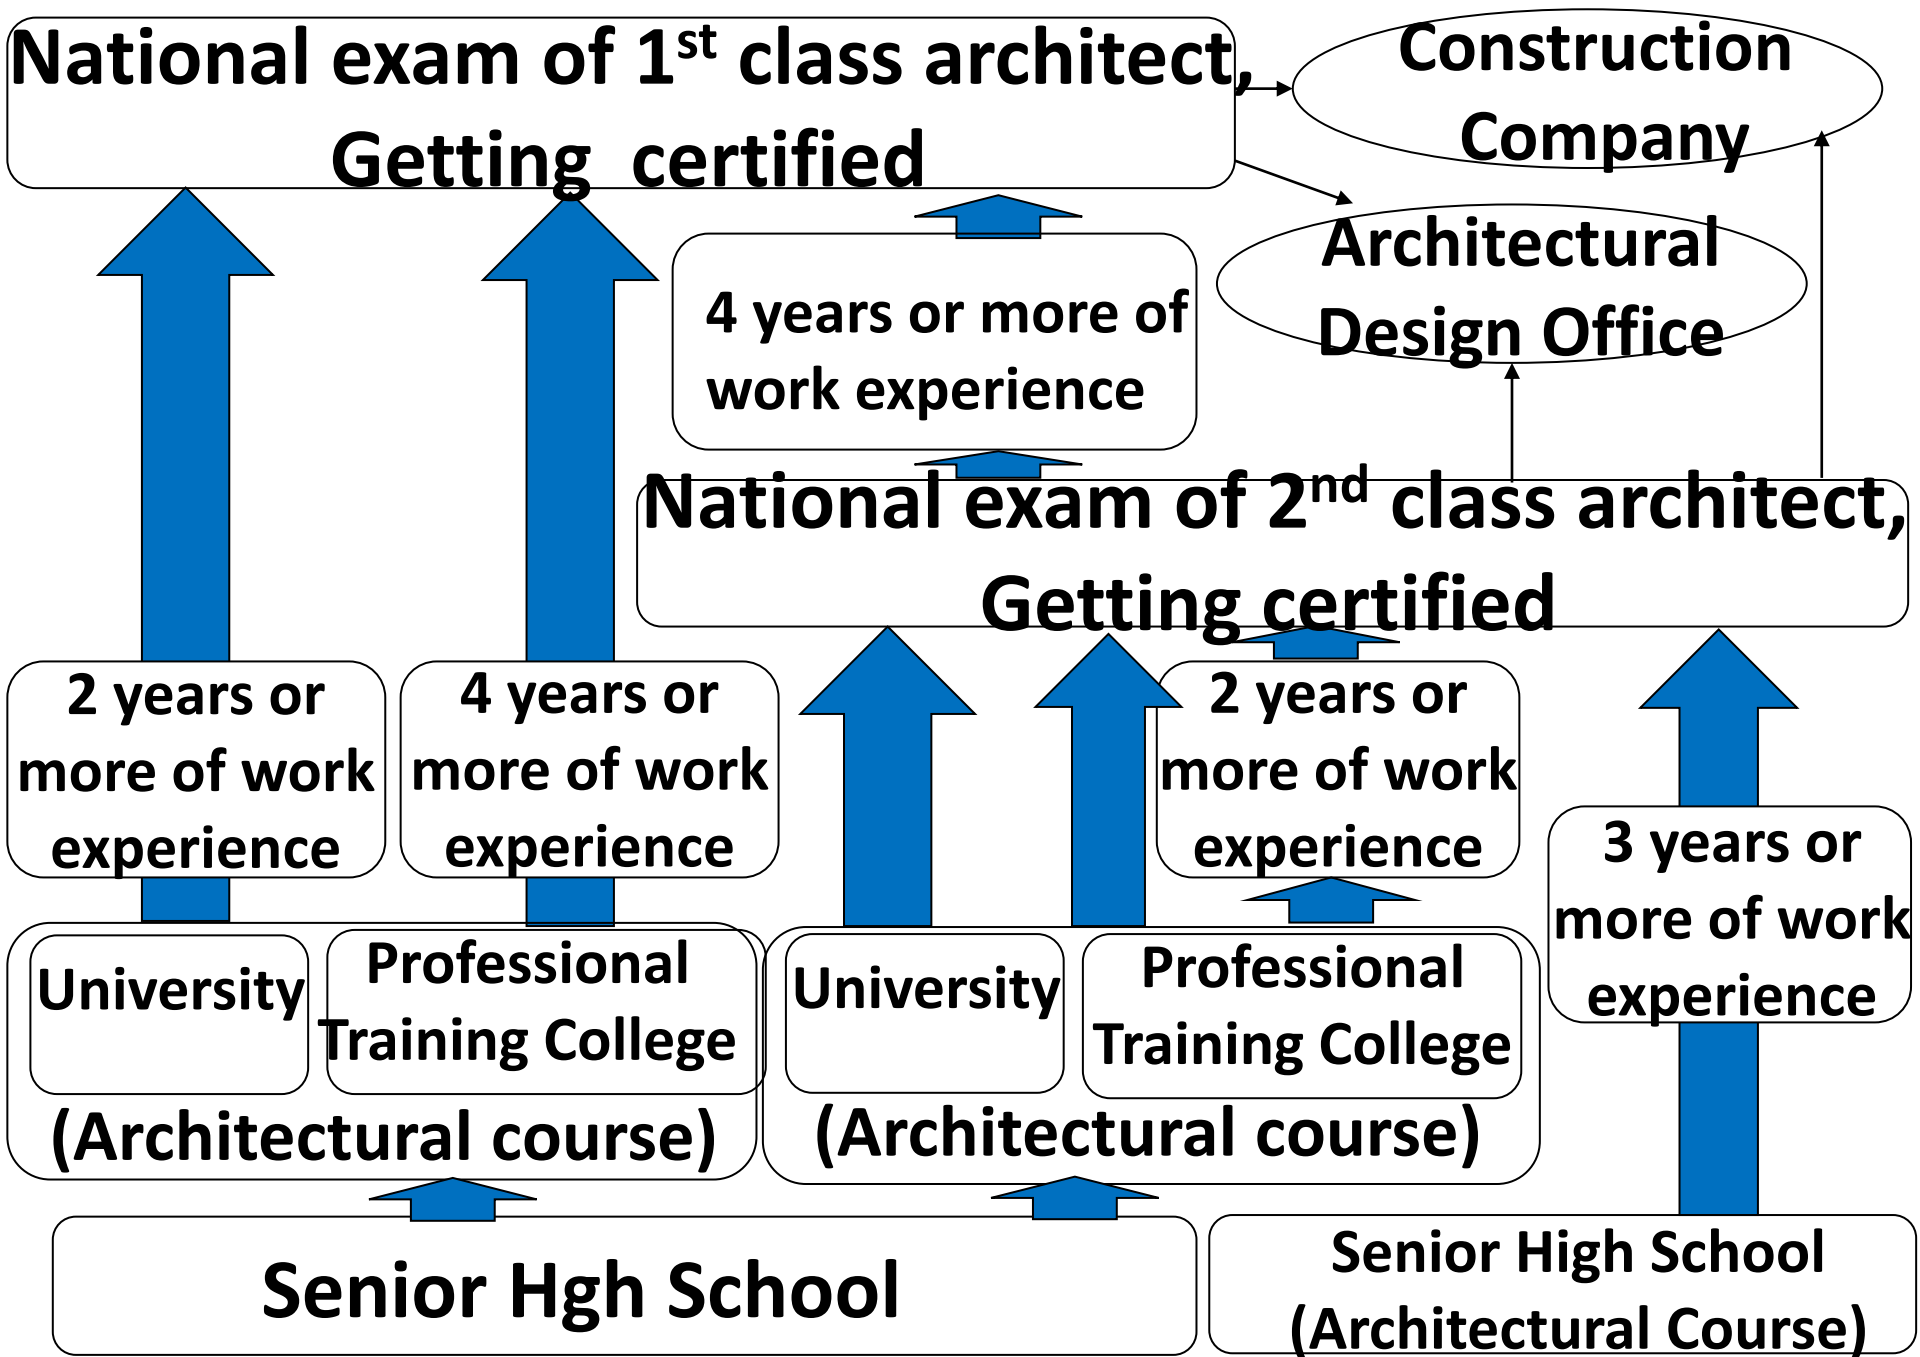

Architect (KEN-CHIKU-SHI)

--- designs buildings. Architect
Draws blueprint in consideration
with appearance, structure and
safty in disaster, and makes
architectural model.

Architect arranges craftspersons
based on the budget and
supervises schedule of
construction work.

Teacher (SEN-SEI)

(Elementary, Junior High, Senior High School)

--- Foreigners cannot work in administrative position (principal, head teacher) at public school, but can work in teaching students. No such restriction in private school. In University of both public and private, no such restriction

Public School (full-time instructor)
Private School (certified teacher)
